

What's New With Q. M.?

This little item will no doubt make your face light up, and have you throwing away your Blitz rag. You'll be elated because Uncle Sam's quarmasters are now starting to provide G. I. belts with buckles that don't have to be polished!

The newest buckle, which the Benning warehouses have just begun issuing, needs little or no attention from a polishing rag. There are two reasons for adopting the new buckle. The first is that brass is becoming increasingly scarce, and while it is still used to some extent in the present buckle, it may be replaced in the near future.

Also, in combat zones, the brightly polished brass buckles formerly in use would have to be "blacked out" anyway, so there could be no reflection. Therefore, the Q.M.C. is now issuing buckles that have already been darkened. And are we happy about it?

A notable change has just been announced by the Q.M.C. in the matter of handling alterations of clothing for new inductees. Previously you'll remember, alterations had to be delayed until the soldier had been transferred from the induction center to his first regular station. Now, however, plans are being made to take care of all necessary alterations right at the clothing warehouse where they are issued.

Latest training school opened by the Quartermaster Corps, which is the instructor for most of the Army, is one at Camp Lee, Virginia, for civilian warehouse experts. It is part of a general program of instruction aimed at making selected civilians available to the various supply services of the Army.

The first class, composed of about 100 men with experience in commercial and industrial warehousing, is already in session studying the various phases of Army depot operation. The ones who successfully complete the course of instruction will be commissioned in the Army Specialist Corps in grades depending upon the aptitude shown at the school. They will then be assigned to depots to relieve officers for field duty.

Special emphasis in the intensive course is being placed on training in conservation of space and manpower, and efficient handling of supplies. In addition, the training is designed to give the Army Specialists a thorough understanding of Army methods. More than 1,000 civilians are expected to take the course before the present demand is met for that type of personnel.

The Quartermaster Corps will not be procuring any more horses for the Army, at least for the remainder of this year. It has just been announced that the remount has been purchased from horse breeders, the Q.M.C. is to be trained and equipped with dogs and enlisted men as drivers so that dog teams can haul food and equipment over frozen wastes if all other means fail.

Once again in the busy Remount division is in charge, and an old C.C.C. camp near Helena, Montana, has been set up for the training. The enlisted men assigned to this station will receive instruction in sled driving and the care of huskies, malamutes and St. Bernards, the three principal breeds to be used for this purpose.

Experienced dog teamsters will serve as instructors for the soldiers, and both dog and driver will receive a six-to-eight week course of instruction. The canines to be used for this work will be obtained through the same channels as those being used for sentry duty with the armed forces.

One slogan of the Quartermaster Corps is "Keep 'Em Supplied," and the supply branch is adopting every possible means to insure that this aim is carried out. Anticipating difficulties in getting supplies into snow-bound areas, the Q.M.C. is to be trained and equipped with dogs and enlisted men as drivers so that dog teams can haul food and equipment over frozen wastes if all other means fail.

Once again in the busy Remount division is in charge, and an old C.C.C. camp near Helena, Montana, has been set up for the training.

Maj. Stubbs Made Lt. Col.

Another milestone has been passed by Maj. William E. Stubbs with the announcement by Col. Ellis F. Altman, commanding officer of the 21st Quartermaster Regiment (Truck), of his promotion to the rank of lieutenant colonel.

Lieut. Col. Stubbs, who comes from Berea, O., is a newcomer to army service. Back in April, 1917, the urge to serve his country struck him and he enlisted in the United States Army in time to see foreign service. During his 16 months abroad with the AEF he served in the 5th Trench Mortar Battalion of the famous Fifth Division and participated, with distinction, in five major campaigns.

Returning to the United States at the end of the war, Lt. Col. Stubbs was not content to settle down in one place so he became a traveling salesman and covered 32 states while in that line of work. In 1933 he became associated with a company that manufactured Beauty Parlor Equipment and Display Fixtures and soon worked his way into the presidency of this firm. Later, he became the owner of the same business, located in the nearby city of Cleveland, and was engaged in that work when called into active service January 8, 1941. He served as recruiting and induction officer at Fort Hayes, O., until September 1941, and was then assigned to attend the Battalion and Staff Officers' Course. The Infantry School at Fort Benning. Graduating from that school, he was assigned the task of activating the First Battalion of the 21st Quartermaster Regiment (Truck).

Since being called back to active service, Lt. Col. Stubbs has completed courses at the General and Field Officers School, Atlanta; Motor Basic, Atlanta, Ga., and the Officer Motor Maintenance School, Fort Benning. At present he is assigned to the Second Battalion of the 21st Quartermaster Regiment (Truck), where he serves as Battalion Commander.

Capt. Everett Posey of Woodruff, S. C., has recently been promoted to the rank of Major at the Infantry Officers' School here at Fort Benning.

After graduating from The Citadel, Charleston, S. C., in 1928, Major Posey became associated with the Pacific Textile Mills at Lyman. He was active in Spartanburg County Reserve Officer Association affairs until he was called to active duty February 25, 1942.

He was assigned to the 24th Infantry and remained with that organization until February 19, 1942, at which time he went to Camp Blanding, Fla. He returned to Fort Benning in April 1942 and joined the Third Student Training Regiment as assistant Supply Officer. In September he became Regimental Supply Officer, which is the position he now holds in the Third Student Training Regiment.

'Yank' Sponsors Nuts To Axis Note Contest

Hitting the Axis where it hurts—that's the aim of the "Nuts to the Axis" contest now being sponsored by YANK, the official Army Newspaper. The contest, which is open to servicemen, will be announced in the October 21 issue of YANK, and calls for short, hard-hitting messages to Hitler, Mussolini or Tojo. Winning messages will be broadcast to all parts of the world through the cooperation of the Office of War Information.

To enter their "Nuts to the Axis" messages, soldiers must use a coupon printed in YANK, and they must write on one of six subjects:

1. "I'll Be Seein' You!"
2. "Here's What I'm Fighting For."
3. "My Father Did It in 1918."
4. "Doolittle Was Only the Beginning."
5. "If I Had You in My Squad."
6. "I've Got a Better Idea—Here It Is."

(The soldier's own subject) Message may be any length up to 200 words, and with the exception of cussing or obscene language, no holds are barred. The full-page advertisement in the Army Newspaper states that this is the average yardbird's chance to tell Hitler, Mussolini or Tojo what he thinks of them.

Not only will the most original blasts at Hitler, Mussolini or Tojo be broadcast, but winners will receive free six-month subscriptions to YANK. Names of winners and some of the winning messages will be printed in the Army Newspaper.

All entries must be postmarked on or before midnight, December 10, 1942, and winning messages will be broadcast on December 11 after that date as possible. Soldiers, sailors and marines all over the world are urged to use this opportunity to tell the Axis what Uncle Sam's fighting men are thinking these days.

WASHINGTON—The girls back home working for the Government have decided to run a beauty contest. Entered so far are: Miss OPA, Miss WPB, Miss FSA, Miss WAR, Miss OWI, and Miss Republic 7500. The last named is a telephone number.

Georgia Mother Gives 5 Officers to Uncle Sam

A record of having five children in service as officers in the Army of the United States is the contribution of Mrs. Lillian E. Baugh of Millersville, Ga., the mother of Lt. James E. Baugh, a student in the 6th company of the First Student Training Regiment. Lt. Baugh is taking the Motor Maintenance course at The Infantry School. He is one of four sons and one daughter holding commissions in the Army.

Other members of the family in service include Captain Marvin Baugh of the Army Air Corps, 1st Lt. Joseph R. Baugh, 1st Lt. John W. Baugh, and 2nd Lt. James E. Baugh, all with the infantry. Their sister, Lt. Myrtle

Baugh is with the medical corps as a nurse.

Mrs. Baugh's sons received their military training at Georgia Military College in Millersville. The one now attending The Infantry School was accepted into the First Student Training Regiment.

Lt. Baugh is taking the Motor Maintenance course at The Infantry School. He is one of four sons and one daughter holding commissions in the Army.

On September of this year Mrs.

Baugh received a personal letter

from the Secretary of War, Henry L. Stimson, in recognition of

the contribution she has made to

her country. She also has been

honored by the Emblem of Honor

Association who have awarded

her a Five Star Pin.

French People Await Yanks, O. C. Declares

From The Pine-Bur

"Ninety per cent of all French men, women, and children anxiously await the opening of an Allied front, and will take up arms against their German oppressors and beat them back to the Berlin Line," stated an O. C. in 26th Company Second Student Training Regiment.

Raymond P. Raux, who is a member of that company, came from the army in the nearby city of Lyon, and was engaged in that work when called into active service January 8, 1941. He served as recruiting and induction officer at Fort Hayes, O., until September 1941, and was assigned to attend the Battalion and Staff Officers' Course. The Infantry School at Fort Benning. Graduating from that school, he was assigned the task of activating the First Battalion of the 21st Quartermaster Regiment (Truck).

Since being called back to active service, Lt. Col. Stubbs has completed courses at the General and Field Officers School, Atlanta; Motor Basic, Atlanta, Ga., and the Officer Motor Maintenance School, Fort Benning. At present he is assigned to the Second Battalion of the 21st Quartermaster Regiment (Truck), where he serves as Battalion Commander.

One slogan of the Quartermaster Corps is "Keep 'Em Supplied," and the supply branch is adopting every possible means to insure that this aim is carried out. Anticipating difficulties in getting supplies into snow-bound areas, the Q.M.C. is to be trained and equipped with dogs and enlisted men as drivers so that dog teams can haul food and equipment over frozen wastes if all other means fail.

Once again in the busy Remount division is in charge, and an old C.C.C. camp near Helena, Montana, has been set up for the training.

The enlisted men assigned to this station will receive instruction in sled driving and the care of huskies, malamutes and St. Bernards,

the three principal breeds to be used for this purpose.

Experienced dog teamsters will serve as instructors for the soldiers, and both dog and driver will receive a six-to-eight week course of instruction. The canines to be used for this work will be obtained through the same channels as those being used for sentry duty with the armed forces.

Maj. Darby Is Lt. Colonel

The recent promotion of Maj. James E. Darby to the rank of lieutenant colonel has been announced by Col. Ellis F. Altman, commanding officer of the 21st Quartermaster Regiment (Truck). Lieutenant Colonel Darby is a native of Lowrys, S. C. His parents were the late William A. and Dilla Darby of that community.

Two brothers, Oswald A. and James L. Martin, of Myrtle, S. C., are the sons of Mr. and Mrs. James L. Martin, of Simpsonville, S. C.

Lieutenant Colonel Darby received his early education in his home state and later graduated from Clemson College in 1925. From civilian life he was ordered to active duty and reported to Fort Benning in April, 1941. Within a short time, he was placed in command of a Quartermaster Truck Battalion and held that position until May, 1942, when he was appointed to the present position Executive Officer of the 21st Quartermaster Regiment (Truck).

Other Frenchmen to re-establish their rights once more as Free French citizens, Raux went on to say.

"I myself, as was the case of all French young men, served once in the Republic's Army and was still an prisoner that period of time. As I am proud to be numbered among the ranks of Uncle Sam's forces, I believe the old French army stood for and fought for the same principles so dear to the American people—liberty, democracy, equality, and fraternity. I believe that some day—some day soon—France will again be placing her arms in the field to regain those things she has lost."

"Letters from my sister in France

12 Enlisted Men In 124th Infantry Are Promoted

Twelve enlisted men of the 124th Infantry Regiment at Fort Benning, have been promoted to higher grades.

Sgt. Theodore S. Long, Palmetto, Fla., was promoted to staff sergeant.

Cpl. Willard Roberts, Miami, Fla.; Clarence D. Bolton, Bagdad, Fla.; Jesse U. Lee, Sanford, Fla.; and Pfc. Kenneth W. Strickland, Hollywood, Fla., were advanced to sergeants.

Tech 5th Gr. Pasquale A. Gazzara, Hammond, La.; J. P. Hayes, Hayes, Knowlton, Tenn.; Pfc. George A. Hughes, Sanford, Fla.; and Pvt. Arthur B. Conner, New London, Conn., were made corporals.

Cpl. John L. Chapman, Orlando, Fla.; Albert B. Easton, Gainesville, Fla.; and Herbert Logue, Wiggins, Ga., were promoted to technical sergeants.

It is unlikely that more than 10 per cent of the passenger vehicles, about 150,000, are still in use in Germany.

Travel by passenger automobile reached a peak of 501 billion miles in 1941, outrunning all other travel-mileage.

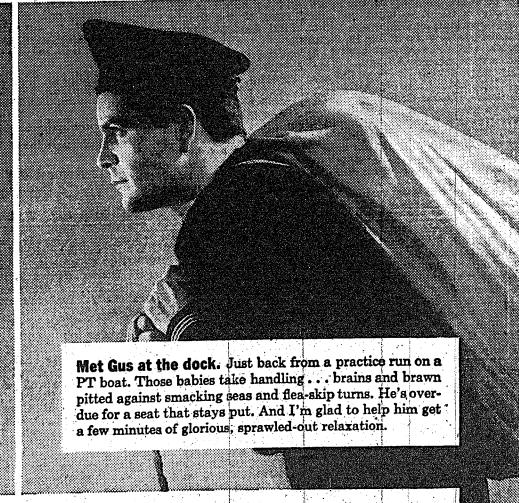

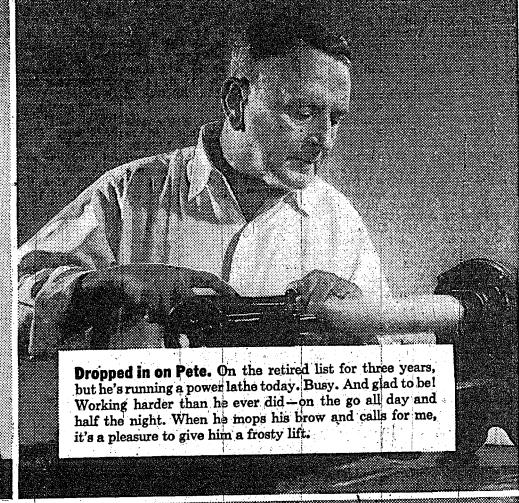

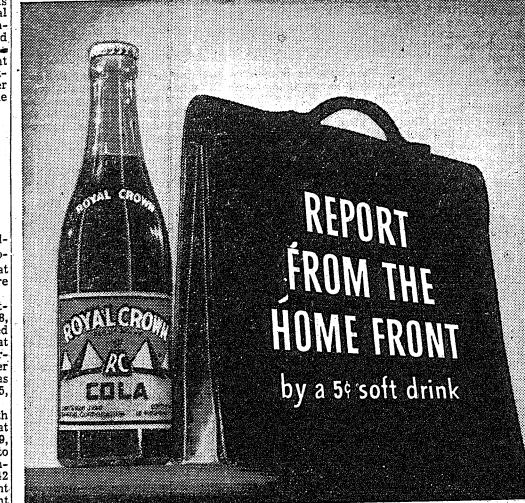

and the British intelligence service.

Exciting events occur rapidly in James S. Childers' "Enemy Outpost," a spy story of the present war. The scene is a private hunting and fishing lodge in the Ardennes wilderness. Mike Kilpatrick, a New York newspaper man, to outwit a ring of Nazi spies.

An amusing light novel with a pleasant combination of romance, adventure, and mystery is Eileen Campbell's "Ringed by Fire," an up-to-the-minute novel based on fifth column activities in wartime London. The story is with the author in a musty attic in Bloomsbury and leads to the very heart of the Ministry of Security.

Alice Campbell's "Ringed by Fire" is an up-to-the-minute novel based on fifth column activities in wartime London. The story is with the author in a musty attic in Bloomsbury and leads to the very heart of the Ministry of Security.

Dennis Wheatley's "W for Vendetta" is a spy thriller packed against the background of Vichy France and the occupied territory. Against the background of Vichy France and the occupied territory, we follow several underground workers through a series of desperate adventures to sabotage the German war machine.

Shall I go on? But you know how soft drinks cover the home front. More than 39,000,000 calls a day... on Americans who know how to put in their licks to help win the war... Americans with a shrewd understanding that one relaxed moment makes working and fighting easier.

Occasionally for a day or so, you may not find me at your store or cooler. But

when you do, you can bet your hat that

now, as always, I'll continue to be the

cola that's best by taste-test.

Resurgent! Here is a picture direct from bombed London.

Resurgent! Here is a picture direct from bombed London.

"A church standing at the junction of two roads has its roof blown away; the windows and their frames are missing; the organ is in ruins. Its pipes and strings all mixed with the rubble.

broken arches and stone, plaster, shattered glass, broken wood that can make up an interior of desolation. The winter snow covers the steeple with white robes. Alone, like a watchful sentinel, the clock tower stands in clock still marking the hour of day. Across the front of the tower is a large poster in letters of red and blue against a white background. The poster contains one word: RE-SURGENT! "We shall rise again."

Another church, near the one above, is badly ruined. Its beautiful windows all blasted and broken, and through which the winter gales sweep, collecting money for them.

On the Sunday following the raid the vicar inserted in the local press this announcement: "Nevertheless, notwithstanding divine worship will be held at the usual hour."

Nevertheless, notwithstanding Resurgent!

The morning cometh!

The Gates of Hell shall not prevail.

The soldier is to see the best things prevail when he gets back home after the war is over, he must strive to maintain those best things while he is in the Army.

It is the chaplain's duty and privilege to see that these best things prevail.

These things we need scrap iron, rubber and gasoline, yes. But

above all we need that inner quality of spirit which is immune to outward disaster. That quality of spirit is possible through Him

who said, "Be of good cheer, I have overcome the world." We can live this faith notwithstanding.

"Nevertheless, notwithstanding Resurgent! I shall rise again."

Use Your Pen, Soldier

This is an urgent message, Soldier, addressed to you by the Commanding Officer of Fort Benning, Brig. Gen. Walter S. Fulton. Twice during the month of October General Fulton through the BAYONET has sent out an appeal to all soldiers on the post to write to their friends back home who are 18 and 19 years old, urging them to enlist in the Army of the United States.

At present there pends in Congress a bill authorizing the War Department to call for the drafting of young men of these ages. The Nation needs these youngsters desperately; she needs them to inject into the Army youth, stamina, and daring, all of which are necessary to increase the TNT in the punch the High Command is preparing to deal the enemy. That punch must be a knockout blow, deadly and devastating. If it is made so it will mean that this war will not drag on for years; it will mean that all of us can go home to the people and things we love all the sooner. And the "sooner" to work the sooner to sleep."

There are decided advantages for those youngsters who enlist right away rather than wait for the draft. These men will have the choice of thirteen different branches in which to serve, all of them providing varied fields of activity in their divers ramifications.

There is the Army Air Force which needs mechanics and radio-men; bombardiers, pilots, navigators, gunners, and aerial photographers. All of these are of great appeal to youth with imagination and daring. Moreover, what a thrill it is to be able to pilot a Flying Fortress; what a delight to "cut the surly bonds of earth" and climb the clouds on silver-laughed wings!

in one of Uncle Sam's gliders. Or if the youngster is mechanically-minded, what a satisfaction to service these planes and keep 'em flying!

Then there is the armored force needing gunners and tank drivers, and operators of trucks and jeeps.

And the cavalry! How it has changed with the advent of modern war of movement! Uncle Sam still has some of the finest horses in the world, but in this branch he has added motor cars and motorcycles equipped with death-dealing guns. He has added light mortars to increase the striking power of this branch.

The youthful enlistee may choose chemical warfare with the new chemical mortar which can retaliate if the enemy ever chooses to use gas attacks.

In the Coast Artillery Corps they will have the opportunity of manning powerful anti-aircraft guns, those tremendous railroads guns throwing great shells for miles; and there is the tractor-drawn 155 gun.

The Corps of Engineers offers various advantages with its bridge and road building; this branch constructs tank traps; camouflage is set up; railroads are operated as well as the assault boats of the amphibian command.

The Corps of Military Police needs more men to direct traffic, to safeguard vital points, to keep order among military personnel.

There is the Field Artillery with its supporting fire for the Queen of Battles, the Infantry. The latter branch is now equipped with 11 different weapons, all of which have added to the fire power of the foot soldier.

The Medical Department needs young men. Just last week a hurry call was sent out for young men with some college training who can serve as dental assistants; ambulance drivers are wanted; laboratory specialists, X-ray men, veterinary assistants are needed.

Another branch open to these youngsters is Ordnance which supplies the weapons and keeps them in repair.

The Quartermaster Corps wants men to keep our soldiers clothed and fed and sheltered, and the Signal Corps offers vital work for radio men who can transmit and receive. In this branch young men will learn to use electronic circuitry, walkie-talkers, and other secret devices which are being guarded from enemy intelligence.

The Army is ready to give these youngsters thorough training in all of these thirteen branches of the Army of the United States. So, Soldier, pick up a few minutes lay down your sword, pick up your pen, and write a letter to all of your acquaintances who are physically qualified and 18 and 19 years of age. Do it now! Don't let it be said that all of us did too little too late.

The Bond Breakfast

Fort Benning is first again! On Sunday morning, Nov. 15, officers, enlisted men and their wives, regardless of rank or race, will sit down together for the first all-Army War Bond breakfast anywhere in America. It is the hope of the fathers of the idea to sell \$30,000 worth of war bonds to servicemen at that time.

The idea is a good one. The proof is that the requests for bonds and tickets are coming into the office of Lt. Col. J. D. Rosenberger, Jr., in such quantities that it will be no surprise if the quota is over-subscribed.

It must be remembered also that these reservations are, in addition to the thousands of dollars officers and men of this post have already allotted in pay reservations for the automatic monthly purchase of bonds.

All of this speaks well for Benning. Recently, during the "Honor Your Hero with a War Bond" drive sponsored by the motion picture industry of America, a booth was set up in front of a Columbus theater. A civilian standing by the booth remarked as a soldier counted out his bills for a bond that it was a wonderful sight to see men who are to handle the guns in Freedom's fight adding their dollars to the war chest with which to buy the weapons they will

use.

When we're out for something big, watch the small things—especially small minds, small details, small temptations.

Benning Fans Agog Over Army-Navy Game Sunday

Sportscasting

By SGT. CARL NEU

Lieut. Commander George Clark who will lead the Pensacola Navy eleven into the fort on Sunday is much better known in grid circles simply as Potsy Clark. Before donning navy blue this past year, he was a coach of note with the professional Detroit Lions. And a mighty good coach, too. As a matter of fact, Potsy is recognized as one of the best in the business. But that's about all we youngsters know about Potsy Clark.

Old-timers at Benning, however, could tell you lots more about Potsy Clark. They will remember that he is the same gentleman who wore an Army uniform in the last war, and came out of it with recognition as the outstanding athlete in the AEF. He was the great back who sparked the 88th Division to the AEF gridiron championship on a spring day in Paris in 1919.

Writing in a recent issue of the *Satevepost*, Lou Little, the present Columbia coach, told a lot about Potsy and some of it is worth passing along this week, because it serves to give you plenty of background on the man who will be on the sidelines Sunday in Doughboy Stadium directing the Navy against the Army. It'll probably be like old home week again for the eminent Lieut. Commander because Army football was really his meat.

Lou Little says that Clark emerged from World War I as probably America's most famous soldier athlete. He learned about toughening and the part it can play in the transformation of peace-time boys into wartime men. And now he's imparting that knowledge, ripened with more than 25 years experience in big-time grid coaching circles, to his Pensacola charges.

Sunday's "Battle of Benning" will no doubt make Potsy harken back to the game in 1917 between Camp Funston and the redoubtable Great Lakes eleven at Kansas City in what amounted to an Army-Navy championship that year. Maj. General Leonard Wood was commandant at Funston at that time, and between the halts he addressed the dressing room after a scoreless first semester.

He came that day, according to the story by Little, not to talk to the players, but to give them a command to win. Potsy Clark was on that Camp Funston eleven, and he reports that General Wood told the men to "win or die." They won, and they could do it, a war veteran being tired and hurt, so in the remaining 30 minutes of the game, he expected them to win. And evidently, the "two-star" said it so convincingly that there was no doubt in anyone's mind, because the soldiers returned to the field and won, 7-0. Service football may not be quite so serious today, but it's a cinch that Pensacola will be out to win Sunday, because Potsy Clark only plays to win.

The 89th Division team, on which Potsy Clark was the big star, started training in a little town in Germany late in 1918, and wound up its great campaign by winning the AEF title at the Auteuil Velodrome near Paris on March 30, 1919. The final score was 14-6 over another great soldier eleven from the 36th Division. And Potsy Clark scored both touchdowns.

He had played at Illinois before the war, but according to reports was never more brilliant than on that spring day in Paris. He caught a forward pass from Adrian Lindsey of Kansas for the first score, and then sewed up the verdict for the Eighty-Niners with a long, twisting run over wet turf.

Lou Little claims that the 89th club was one of the greatest ever seen on a football field. In addition to Clark, it contained many other stars who later gained great renown in gridiron circles. Little claims his own personal dream game would pit the Eighty-Niners against the great Chicago Bears of a year ago. And no one doubts the ability of the Bruins, which means the 89th must have been some eleven.

So when you see Potsy Clark on the sidelines Sunday, remember you'll be looking at the man who was the greatest athlete of World War I. His eleven hasn't fared too well this season, but they have lost to three of the nation's best elevens in Alabama, Georgia, Pre-Fight, and Texas Christian. That means they'll be all the tougher on the Doughboy turf, and if Potsy should happen to take a leaf from General Wood's book and order the sailor fliers to win, we may need a tank or two to stop them. At any rate, it should be a whale of a game and will surely bring back old memories to Lieut. Commander Clark.

BAYONET TIPS—Watch this boy Blumenstock at tailback for the Goslings on Sunday. We've seen him in action before with the Fordham Rams, and he can do just about everything on a gridiron and do it well... Sal Loco, reputedly the best back on the Navy club that contains several former All-Americans, never even went to college. He was a schoolboy star around Lincoln, Nebraska, and then entered the service... Bill Leckony may be listed on the program as being from St. Lawrence. That's true, but he is also the same Leckony that used to run wild for the Brooklyn Dodgers against Potsy's old club, the Lions... Lt. Col. Milner, Gosling back of note, may run into an old L. S. U. team-mate if George Jenkins of the 3rd Armored is fit to play for Benning... There are nine ensigns and four lieutenants (junior grade) on the Pensacola roster... Benning will also use a liberal sprinkling of officers for this game only, although only one is allowed to play on any eleven in loop competition... The Navy will naturally be favored, but it will be some scrap, and you won't want to miss it because you will see the greatest galaxy of grid stars that ever trod the battle-scarred turf of historic Doughboy Stadium.

Pensacola Naval Air Station Invades Fort For Grid Battle With All-Star Aggregation

10,000 Expected To Witness Classic

(Continued from Page 1)

ored Training, Capt. Red Milton, General, Lieut. Johnny Cudmore (Stetson), Lieut. Joe Ashmore (Wofford), and Capt. Leo Gregory (Florida), the respective coaches of the four Benning elevens, will do the master-minding in an attempt to out-trick the cagers. Potsy Clark and a Lieut. Commander in the Naval Reserve, COL. FINNEGAN HELPS

The Benning coaches will also have some invaluable help from one of the game's greatest coaches in the field, Charlie C. Finnegan, the post athletic officer, who for many years was head tutor at North Dakota State and holds an enviable record in Midwest football circles. Colonel Finnegan will serve as an advisor coach for the soldier all-star aggregation.

Clark also has several well-known assistants in Lieut. Weems, Baskin, line coach at Ole Miss; Lieut. Glenn Harmonson, Purdue captain in 1928, and later, head coach at Lehigh; Lieut. Eddie Masterson, Nebraska '34 and backfield coach at U. C. L. A.; Lieut. (jg) George Sauer, All-American at Nebraska and head coach at New Hampshire; and Lieut. (jg) Ed Danovski, former All-American and N. Y. Giant star.

BENNING STARS

But the glittering stars on the actual gridiron will out-shine everything else in the stadium. Benning will have many stars as Central, Eastern, Dixie, Oklahoma, Haskins, Davids, Junius, Belin, Ken Smith, Indiana; Bob Roberts, Presbyterian; Joe Bryan, Dayton Merchants; Jim Hennessey, North Carolina; State, Leo Carr, West Virginia; Ed Hurley, West Orange; High: Al Litwak, however, for on their squad are

Indiana, Rip Whalen of North-

western, Homer H. of Ole Miss and a raft of others, the visitors are many.

The probable starting line-up for the Goslings against Benning will be: McLeod (Alabama) and Birr (Indiana) at the ends; Reeves (East Central Oklahoma) and Hostetter (Duke) at the tackles; Hazel (Ole Miss) and Hardin (East Texas State) at the guards; Schleifer (Gonzaga) at center; Schleifer (Gonzaga) at quarterback; (Texas State) at fullback; Blumenstock (Fordham) and Leckony (St. Lawrence) at the halfbacks; and Eckels (Michigan) at fullback at fullback.

But that will be just the beginning, because the strong Pensacolaans are three deep in some positions and Potsy Clark will probably end up pointing his men into nets, whip game all the way.

In the 1917 tailback, the Goslings had a lad who never played college ball, yet holds his own in such fast company: Jack McGarry, reserve quarterback for the service.

But that will be just the beginning, because the strong Pensacolaans are three deep in some positions and Potsy Clark will probably end up pointing his men into nets, whip game all the way.

117th Breakers and 124th Gators Win Week-End Games; Enter Deadlock for First Place in Grid Conference

Unbeaten Loop Leaders To Clash On Sunday, November 15th

Emerging the victors in hard-fought grid battles over the past week-end, the 117th Infantry Breakers and 124th Infantry Gators have now stepped to the forefront of the title picture in the Fort Benning Conference, and are deadlocked for the top position with two victories and no defeats apiece.

The Breakers, coached by Lieut. Johnny Cudmore, ground out a 6-0 verdict over the favored 29th Infantry entry on Saturday night in an epic struggle under the lights. That put the 117th temporarily in the top spot, but the redoubtable Gators quickly knotted things up again Sunday afternoon when they ripped through the 11th Armored Tankers for a 20-0 triumph.

TEAMS RED HOT

Both teams are playing red-hot football at present, and after a week's cooperative effort for Pensacola this Sunday, they will start preparing next week for the "game of the year" on Sunday, November 15, when they will collide with one another in Doughboy Stadium. That game might decide the conference winner, although the 29th and 3rd Armored Dragons, who clash the night before, are still in the running.

As the conference schedule hit the half-way mark over the week-end, the Tankers and 55th Engineers seemed definitely out of the running with two and three defeats marked against them respectively. However, they are both big and potentially dangerous elevens that may complicate things later on by staging an upset.

INJURIES HURT BIG BLUE

Injuries of every conceivable type have wreaked havoc with the Big Blue eleven of the 29th which began the campaign as a distinct favorite for the conference crown. However, the chance of relieving some of the injured operatives from full-time duty for almost two weeks should revive the Devils. They have yet to encounter the Dragons, Gators and Tankers, and by winning all three could probably enter a deadlock for the crown, provided some one rises to halt the fast-moving Breakers who are unbeaten and unscathed upon three tilts.

This week, the four leading elevens will combine to battle the visitors from Pensacola in the big Army-Navy game on Sunday. The 11th Armored meanwhile will journey to Augusta for a battle with the strong Daniel Field Eagles, while the 55th Engineers may travel to Montgomery for a tussle with Kilby Prison.

Smith's 3rd Period Score Tops 29th in Night Tussle

One sharp touchdown thrust early in the second period on his mid-way in the third period gave 43 to start another Breaker drive, the undefeated 117th Infantry. The burly fullback ground out one Breakers an important 6-0 victory first down on the plunges, then took a short pass from Ken Smith last Saturday night in Doughboy for a second one, but again the top Stadium before a Halloween 29th forward-wall braced, and strong of 6,500 spectators.

It was flashy Ken Smith, for with the help of a penalty, the Devils forced the 117th to kick off the hard-fought ball game in game in once more.

ERYAN AVERTS SCORE

Near the end of the half, the Breakers staged their most determined bid for a score after a tricky lateral on a punt return. Sturgill, a downpour of rain, Sturgill took the ball on the fly, and passed backwords to Smith who scampered 32 yards to the Devil 18. Sturgill made three on a reverse, then Panscok passed to Smith for a first down on the Devil 6-yard line. On the second play, Eryan, intented a Smith pass in the end zone for an automatic touchback to avert a safety.

The game was picked with both teams in the way and marked by several plays stand by both clever deep in their own territory. The teams were evenly matched and both played wide-open, spectacular ball until the threat.

Hurley's fumble of a wet ball, early in the second half gave the 29th the Breakers' first 20-yard drive, and the Big Blue forward wall braced and held for down on the 4-yard line. Hurley booted out from his own end zone to the 42, and Daddino took the punt mired five yards, then later booted it to put over a touchback all the way to the Devil 10-yard line, when they played their second ball, the Big Blue was stopped once on the Breaker 19, and again on the 16.

STATISTICS FAVOR DEVILE

Even though they went down, the Two-Niners held an advantage in the first period. The Big Blue forward wall braced and held for down on the 4-yard line. Hurley booted out from his own end zone to the 42, and Daddino took the punt mired five yards, then later booted it to put over a touchback all the way to the Devil 10-yard line, when they played their second ball, the Big Blue was stopped once on the Breaker 19, and again on the 16.

STATISTICS FAVOR DEVILE

Even though they went down, the Two-Niners held an advantage in the first period. The Big Blue forward wall braced and held for down on the 4-yard line. Hurley booted out from his own end zone to the 42, and Daddino took the punt mired five yards, then later booted it to put over a touchback all the way to the Devil 10-yard line, when they played their second ball, the Big Blue was stopped once on the Breaker 19, and again on the 16.

BREAKERS TALLY

Panscok carried for two, then Smith for one through the center of the line. On third down, Smith finally pushed across the line. On third down, Smith took the ball again and swept wide around the right flank. Soon after he reached the line of scrimmage, he cut back sharply, evaded three tacklers and passed on an end zone for the winning touchdown. The Devils swept 55 yards to the Breaker 37 before they try the extra point, but failed.

In moving that distance, they had to use every means possible, including running and plunges through the line, and registering a gain of 10 yards. But by this time, the 29th was fighting mad, and held the Breakers for four down, taking over their own eight-yard stripe.

TIGERS MAY REBOUND

Auburn's record has not been too impressive, but the smashing Ed Hickerson, Alabama, and the Tigers' 5-0 record is indicative of the potential power of the team.

Georgia Tech Crimmins will be playing against the Florida and Mississippi State as well as against his old team-mates, since most powerful jaw grip of any

TUTORED BY WOLF

That set the stage for the game, but it was a mind-boggling attack that looked for awhile as if it might tie up the ball game, but when the Breakers finally halted the Devil surge on the 37, that was the ball game, and the Breakers had retained their unbeaten record.

Before And After!

Before their big game Sunday in Doughboy Stadium with the 11th Armored Tankers, the Gators of the 124th Infantry gathered in a huddle as shown in the top picture to stroke the back of their pet 25-cent alligator, Adam Laronga the First. You can hardly see the Gators in the bottom shot, because in the bottom shot you can see them moving forward on one of their vicious off-tackle slants for a first down. Ron Clegg is the hidden ball-carrier, and Nick Calos is right in front of him leading the way. The rest of the Gators are also doing some good blocking, despite the efforts of the Tankers to bring Cestary down to earth.

Georgia Naval Pre-Flight Meets Auburn on Saturday In Grid Feature Downtown

Tickets Available For Benning Soldiers At Reduced Prices

Fort Benning football fans are preparing for a real grid treat this Saturday when the powerful Auburn Tigers clash with the Georgia Naval Pre-Flight eleven from Athens at Memorial Stadium in downtown Columbus. Tickets at a reduced price are being provided for soldiers and a large representation in khaki is expected to help fill the stands.

They tied North Carolina Pre-Flight and suffered their only loss at the hands of L. S. U.

EXPECT AERIAL CIRCUS

Saturday's tussle will probably result in a real aerial circus, as much as the Georgia Naval eleven boast fine match players, paced by Flinng Frank, University of Indiana and Wash-

ington Redskins are who is a partake some of the shine offington Redskins are who is a

conflict in the same stadium two Billy Patterson, Jack Crain and Zachary La.

There is also a good many players, including stars in the recent years, for the winning touchdown. The Devil's sweep 55 yards to the Breaker 37 before they try the extra point, but failed.

Near the end of the third quarter, the desperate Two-Niners attempted a pass from their own 5 that was intercepted by the Devil's Smith on the ten. But by this time, the 29th was fighting mad, and held the Breakers for four down, taking over their own eight-yard stripe.

The Breakers had to use every means possible, including running and plunges through the line, and registering a gain of 10 yards. But by this time, the 29th was fighting mad, and held the Breakers for four down, taking over their own eight-yard stripe.

TIGERS MAY REBOUND

Auburn's record has not been too impressive, but the smashing Ed Hickerson, Alabama, and the Tigers' 5-0 record is indicative of the potential power of the team.

Georgia Tech Crimmins will be playing against the Florida and Mississippi State as well as against his old team-mates, since most powerful jaw grip of any

team.

That set the stage for the game, but it was a mind-boggling attack that looked for awhile as if it might tie up the ball game, but when the Breakers finally halted the Devil surge on the 37, that was the ball game, and the Breakers had retained their unbeaten record.

STATISTICS FAVOR DEVILE

Even though they went down, the Two-Niners held an advantage in the first period. The Big Blue forward wall braced and held for down on the 4-yard line. World's Future Depends Upon Understanding

Hon. Ruth B. Owen
Sees "New Horizons"

The greatest pioneering—that in human values and relationships—remains to be done, according to the Hon. Ruth Bryan Owen, former United States minister to Denmark.

Mrs. Owen spoke to an audience of 500 in the Main Theatre Monday afternoon on "New Horizons for America." The meeting was sponsored by the Woman's Club of Fort Benning. The speaker in private life emphasized that once the problem of human relationships has been solved, promised horizons will be much brighter than those of today.

"Motion pictures are one of the greatest propaganda forces in the world," Mrs. Owen said. "However, movies have yet to reach their full usefulness. If we could show all that government gives it would do much to stabilize our thinking. I wish we could give, through the arts, a message to those who sit in darkness. I wish we could show the American faith in our democratic institution, our faith in our country."

Speaking of radio, Mrs. Owen said: "I would like Voice of Government speaking each day, giving facts on which we can rely. I would like spiritual meetings and exercises giving us the unchanging things worth dying for. There is so much radio could still do."

The frontier of public health also has to be crossed in the future, the speaker pointed out. "Sometimes we will do little means here which will provide all our people with adequate medical care. Sometime across the years pioneers will point a way to better care for every American," she said.

REHABILITATION CRIMINALS

Mrs. Owen sees a different approach to the criminal problem in the future. Those who have committed crimes through lack of education and opportunity must have a chance to learn, she believes, while those with warped minds must have hospitalization rather than prison.

Turning to international frontiers, the speaker said: "We have ought to see hemispheric friendship and solidarity in our relations with South America. But we should learn not only to use their languages but to think in their languages to help them live up to their abilities and their contributions to civilization. Some day there will be pioneers who will bridge, in greater understanding, the gaps between the republics."

In conclusion, Mrs. Owen referred to "the bullies on a vast scale" riding over the world. She reminded her audience that sometime the citizens of America will have to be as wise in according peace as they have been strong on the battlefield. Pioneers who can point the way and show us "We will be wise and strong. We will not object another generation to the chaos our generation has known."

"Among students at their books today," she said, "are pioneers who will help solve these problems. With vision, guidance, and wisdom, democracy will establish a stable future."

T/S Sergeants Score Possible With Tank Gun

Ency tanks heading in the direction of Tech. Sgt. J. R. Lilze, Jr., and Staff Sgt. T. W. Jackson will find it healthier to change course immediately. Both boys have scored posses with the 37 mm. Anti-Tank gun. In fact, it is an even when either one misses a perfect score.

Both soldiers are attached to Co. B, 10th Armored, 1st Armored Regiment, Infantry School Service Command, and both hail from Alabama. Lilze is from Birmingham; Jackson from Dothan.

THE COMMITTEE
The members of the Entertainment Committee of previous years announced include: Mr. James Nuckles, chairman; Mrs. S. C. Butler; Mrs. J. E. Humes; Mrs. Jamie McDuffie; Mrs. W. C. Pease; Mrs. Curtis Jordan; Mrs. James Scarborough; Mrs. Ralph Richards; and Mrs. John Martin, Jr.

Miss Ethel Woodard has been appointed as business manager. She will make all arrangements for the committee with the special service officers in regard to the location of all parties and the "me schedules."

General

(Continued from Page 1) our country on its march to victory.

General Fulton stated: "I am looking forward with great anticipation to the War Bond Breakfast to be held at Fort Benning on November 15th. It is only befitting that this large Army Post should be the first to have an affair of this kind, but we are hoping that it will be the beginning of a great movement among our Army Posts throughout the nation."

We know that the officers, warrant officers, and enlisted men of Fort Benning will respond in their usual, wholehearted manner."

Mrs. Smith was so generous with the tips; a woman is more thrifty or stingy, or whatever you want to call it. This trick worked fine until the redcaps got wise and started charging ten cents a

Goudy Field, with a seating capacity of 3,600, is the scene of inter-mural baseball league games where teams from opposing regiments play regularly during the summer. Fourteen regimental teams were entered during the last season, and thousands of soldiers from all over the post witnessed the contests.

The Main Theater, seating 1,504, was considered the finest of all War Department theaters in the country. Combined average attendance at all of the Post theaters runs close to 10,000 daily.

A greenhouse with a capacity of more than 23,000 plants is maintained at Fort Benning for problems. Later in the course of pliable to those problems, which

classes the men work out the dis-

tribution of cuts to the various companies.

The National Livestock and Meat Board has been working with the office of the Army Quartermaster General since early in 1940. Three series of schools have been conducted thus far, counts

The first was a series of meat lectures and demonstrations for mess sergeants and cooks. The second was a series of one week training schools when one representative from each regiment was trained in meat cutting. The third was a three week meat training school for instructors in Bakers and Cooks schools.

Subjects covered during the present course of instructions at Fort Benning include cutting of frozen and fresh chilled carcasses of beef, lamb and veal for distribution at the regimental and divisional mess supplies; correlating the issue of beef, lamb and lamb with the various dishes on the menu; how to make and use tables are being prepared that cutting tests in order to judge

will allow the unit supply group

to divide the meat on an equitable basis for companies according to strength.

Meat cuts are prepared for each problem and members of the

classes take part in solving the issue problems which will be ap-

plied to those problems, which

arise in actual practice.

Second STR Boosts Good Health Record

Unit Has Able Medical Staff, Fine Equipment

The health of the Second Student Training Regiment is unusually good. This is attributed to the fact that officer candidates are a picked group—and one of the requirements is that they shall possess a strong, healthy body. Most men with serious physical defects are eliminated before they get into the school. Others with minor defects are treated and troubles are corrected before they get here.

But the health of both He. and Bi. Company and the companies of Service Battalion is also unusual. The "feeling fine" is large, so because the regiment is less by an active and experienced group of men, both M. and Bi. Company, also in some instances, records are lost. These must be replaced. Then finally just before a candidate is commissioned, he must pass a final physical check.

George F. Schmidt, Regimental Surgeon, is here as able as any. Other than those cases such as respiratory diseases, most men report to the dispensaries for minor injuries suffered in some phase of their instruction. Sprained ankles, backache and barked teeth are common. The obstacle course, while not the largest single factor contributing to injuries of this sort, is the largest.

"But," commented Col. Schmidt, "there are very few candidates disqualified for physical disability. Out of the great number of men who have passed through the regiment, only a negligible percentage are dropped for health reasons. We are proud of this record."

Besides the officers, there are some 27 enlisted men attached to the regiment.

Both the Medical Detachment and the Dental Detachment in the Harmony Church area are a part of the Station Hospital set-up. Extremely serious cases requiring special attention that can not be rendered here are sent to the Station Hospital on the post. When the new hospital is completed for the area, all cases of this nature but surgical cases will be sent there.

DENTAL CLINIC

The Dental Clinic, under the direction of Major Nathan Adler, Chief of Clinic, has been functioning in the area since last December when it was set up to care for the dental needs of some 2,000 men. Now, it is required to serve almost ten times that number.

Not only does the Dental Clinic located in the regiment area, serve the men of the Second, but it also serves the personnel of the Third Student Training Regiment, 124th Infantry, and other units located in Harmony Church.

The Dental Clinic is staffed by some 15 dental officers. These are fine major officers—fine dentists. Major Adler speaks for the dental officers with a measure of pride. "I believe the dental officers we have with us here compare favorably with any group of dentists, in the army or

Gen. Newgarden Lauds Tigers Following Tactical Road March

The "fine spirit and energy shown" during last week's tactical road march and field exercise was highly praised by Maj. Gen. Paul Newgarden, Commanding General of the 10th Armored "Tigers," at a critique in the Division bowl this week.

Despite the lack of adequate preparation for the exercise, the performance was nothing to be ashamed of, he said, and added that a great deal was learned from the problem. The general said he was well pleased with the "Tiger" performance and praised the 90th Reconnaissance Battalion for its part in locating most of the strategic positions of the opposing forces. The Reconnaissance Battalion served as the "enemy" forces during the first three days of the problem.

On the fourth day of the exercise, the Division was split into two groups, Combat Commands "A" and "B," which took to the field with missions to contact and destroy each other.

The "A" group, in charge of Brig. Gen. Robert W. Graw, and "B" under leadership of Brig. Gen. Merrill Ross, were bivouacked at separate areas on the Benning Reservation, approximately 10 miles apart.

RESULTS OUT.

Thursday night, each combat command sent out "Tigers" patrols, composed of one officer and 21 enlisted men to locate "enemy" positions so as to be prepared for an encounter which would begin at 0730.

General Graw sent out his command in three sections, one a holding force and two as attacking elements, while General Ross split his force into two groups, striking and flanking. After several hours of maneuvering of the "war" was called off and the march back to camp began. At 1300, both sides met in the mid-point of the attack, it was impossible to determine just which side was the winner.

Meanwhile, General Newgarden and his staff served as observers and uninvited guests.

During the encounter, one of the patrols was sent out with a mission to "capture" General Ross and it advanced to within hearing distance of the command post before it finally was taken.

The mission was carried out Tuesday afternoon in four sections, Combat Commands "A" and "B," the reserve in charge of Col. William S. Eley, 54th Infantry, and the Reconnaissance Battalion, in charge of Lieut. Col. Corbin A. Litchirle's.

Colonel Litchirle's battalion, which served as "enemy" forces during the first three days Tuesday night, indicated the command posts of both combat commands, the Division command post, bivouac areas and practically all of the outposts of the opposite side.

Wednesday's march to Americus, Ga., was conducted by Americans, who, in addition, patrolled and main body movements and delayed action activities. The return to the reservation Thursday was similar to the previous day's movement except the lead group reported by opposite sides from those used on the march out.

However, in the last phase, General Newgarden turned activities over to the combat commanders and served as observer and critic. One of his acts was to ride as "captured" a jeep, a half track and a 37 MM gun, part of the point of the friendly troops that drove into a well-concealed ambush set up by the Reconnaissance Battalion.

Wednesday night, the men were permitted to visit Americus, nine miles from the bivouac area, where the principal event was a dance at the Service Men's Center. It had been arranged by Lt. Dick Hanson, Service Center, and Maj. George C. Hinote, Division Special Service Officer. A band, composed of men from the 11th and 3rd Armored Regiments, under leadership of Staff Sgt. G. P. Henderson, supplied the music.

12 Tigers Learn To Cook And Bake At Post School

Twelve members of the 10th Armored "Tiger" Division have been placed on detached service to attend the Fourth Service Command School for Bakers and Cooks at the Fort Benning Main Post. They are:

T-4's Charles J. Garrow and Fred R. Longiro, both of the 11th Armored Regiment, mess sergeants' course, and PFC's Walter L. Brown, Charles M. Walker, John E. Vigin, George Nicholas M. Fort, and Private Woodrow W. McVeay, all of the 11th Armored Regiment, cooks course.

Privates Steward E. Eunice, 419th Field Artillery Battalion; Col. E. P. Pulley, 419th Field Artillery Battalion; Alfred J. Martino, Supply Battalion; Harvey O. Taylor, 90th Reconnaissance Battalion, and Robert H. Leverentz, Reconnaissance Battalion.

52 Tiger Officers Are Promoted in W. D. Order

Promotion of fifty-two officers of the 10th Armored "Tiger" Division was authorized in a recent special order of the War Department. The list includes:

Cpl. Roger LeRoy Wolcott to major; First Lieuts. Byron L. Connell, Dexter L. Duke, Paul R. Elmer, Aristide P. Breaux, Franklin H. Huggins, Estil O. McBride, William C. Riley, Valentine A. Seeger, Charles W. Williams, John Young, Albert J. Dubois, Constance L. Hood, Jr., Robert C. Watson, John P. White and Henry Winkler, all to first lieutenants.

TIGERS TO SCHOOL

Two enlisted men of the Maintenance Battalion, 10th Armored Division, have gone to Aberdeen Proving Grounds, Md., for eight-week courses in vehicle parts. They are PFC's Joseph J. Radbill and Francis E. Fisher.

10th Armored Sends 43 Men To Fort Knox

Tigers To Attend Armored Force School Courses

Three officers and forty enlisted men of the 10th Armored "Tiger" division have been ordered to Fort Knox, Ky., for a variety of courses at the Armored Force School. The latest list includes:

First Lieut. Clegg Caffery, 11th Armored Regiment, and Second Lieutenants Lee J. Pennington, 80th Reconnaissance Battalion; Frank W. Campbell, both of the 55th Engineer Battalion, all to the Officers Gunnery Instructors Course.

First Lieuts. Raymond B. Havlovitz, 65th Infantry, and Norman F. Vandervoort, 54th Infantry, 1st Battalion, and Second Lieutenants Melvin L. Mason, 54th Infantry; Roy A. Freitag, 11th Armored Regiment; Charles S. Gardner, 150th Signal Company; William G. Midgley, 420th Field Artillery Battalion; Valmora G. Melville, Supply Battalion; and William G. Clark and Milton L. Brown, both of the 55th Engineers, all to the Officers Wheeled Vehicle Maintenance Course.

Staff Sergeant Edgar E. Hatten, 423rd Field Artillery Battalion; Charles W. Cattin, 55th Engineers; T-4 Regis A. Ogden, 3rd Armored Regiment, and Joseph V. McBrien and Robert M. Knot, both of the 11th Armored Regiment, all for radio electronics courses.

Private Charles A. McGregor, 90th Reconnaissance Battalion; T-5 Harry W. Thorne and John M. Mundro, 3rd Armored Regiment; PFCs Bertam E. Tremble, John E. Samsa and Kenneth Bunker, 5th Engineers, Maintenance Battalion; Supply Battalion; Private Gerald E. Miller, PFC Yock Wong, Cpl. Franklyn J. Steele and Private Everett Woodall, 11th Armored Regiment; Sgt. Chauncy E. Young, 5th Engineers; PFCs Edward J. Bianco, Frank M. Anderson, Private Albert J. Ochab and Private Albert J. Franciscott, 55th Engineers, all for radio operators' courses.

Sgt. Robert F. Flint, 11th Armored Regiment; Sgt. George D. Sutherland, 90th Reconnaissance Battalion; T-5 Melvin E. Trushel, 3rd Armored Regiment, and PFCs E. Purvis, William A. Hoffman and Kenneth G. Linhart, all of the Maintenance Battalion, light tank maintenance courses.

Staff Sgt. Clifford W. Blair, 423rd Field Artillery; T-3 Roy P. Spadoni, Maintenance Battalion; Sgt. Howard L. Barnes, 55th Engineers; T-4 Joseph A. Dommeyer and Cpl. John E. Koenig, 11th Armored Regiment; T-5 Edward D. Sutherland, 90th Reconnaissance Battalion; T-5 Melvin E. Trushel, 3rd Armored Regiment, and PFCs E. Purvis, William A. Hoffman and Kenneth G. Linhart, all of the Maintenance Battalion, light tank maintenance courses.

Staff Sgt. George D. Sutherland, 90th Reconnaissance Battalion; T-5 Melvin E. Trushel, 3rd Armored Regiment, and PFCs E. Purvis, William A. Hoffman and Kenneth G. Linhart, all of the Maintenance Battalion, light tank maintenance courses.

Staff Sgt. Clifford W. Blair, 423rd Field Artillery; T-3 Roy P. Spadoni, Maintenance Battalion; Sgt. Howard L. Barnes, 55th Engineers; T-4 Joseph A. Dommeyer and Cpl. John E. Koenig, 11th Armored Regiment; T-5 Edward D. Sutherland, 90th Reconnaissance Battalion; T-5 Melvin E. Trushel, 3rd Armored Regiment, and PFCs E. Purvis, William A. Hoffman and Kenneth G. Linhart, all of the Maintenance Battalion, light tank maintenance courses.

Staff Sgt. Clifford W. Blair, 423rd Field Artillery; T-3 Roy P. Spadoni, Maintenance Battalion; Sgt. Howard L. Barnes, 55th Engineers; T-4 Joseph A. Dommeyer and Cpl. John E. Koenig, 11th Armored Regiment; T-5 Edward D. Sutherland, 90th Reconnaissance Battalion; T-5 Melvin E. Trushel, 3rd Armored Regiment, and PFCs E. Purvis, William A. Hoffman and Kenneth G. Linhart, all of the Maintenance Battalion, light tank maintenance courses.
